

Roof Attachments

Tile Roof

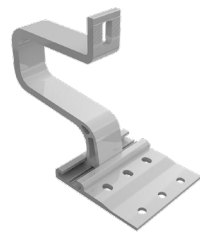

Tile Hook 3S

Part Number		Box Qty	Pallet Qty
4001294	Material: Aluminum Finish: Mill	20	1,500

The Tile Hook 3S slides into an adjustable mounting plate and easily installs onto tile roofs. The racking system is attached by placing the L-Foot on top of the hook.

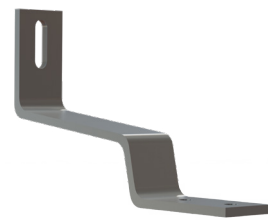

Single Hook

Part Number		Box Qty	Pallet Qty
4000521	Material: Aluminum Finish: Mill	20	1,500

The SingleHook slides into an adjustable mounting plate and easily installs onto tile roofs. This hook eliminates the need for the L-Foot as it has its own opening to attach the rail.

Flat Tile Hook

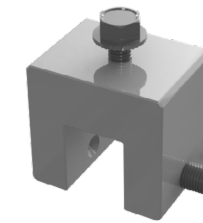

Part Number		Box Qty	Pallet Qty
4000034	Material: Aluminum Finish: Mill	20	1,500

This is one solid piece that easily installs onto tile roofs. This hook eliminates the need for the L-Foot as it has its own opening to attach the rail.

Standing Seam Roof

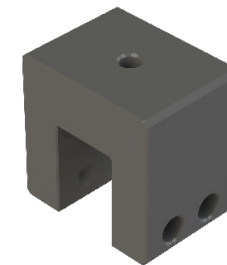

Standing Seam PowerClamp, Mini

Part Number		Box Qty	Pallet Qty
4000711	Material: Aluminum Finish: Mill	50	4,500

The Standing Seam PowerClamp is an aluminum part that is used to attach a racking system to a standing seam roof. The mini clamp uses one bullet screw to keep the clamp locked tight onto the roof.

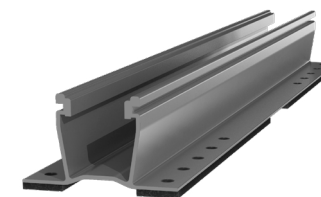

Standing Seam PowerClamp, Standard

Part Number		Box Qty	Pallet Qty
4000710	Material: Aluminum Finish: Mill	50	4,500

The Standing Seam PowerClamp is an aluminum part that is used to attach a racking system to a standing seam roof. The standard clamp uses two bullet screws to keep the clamp locked tight onto the roof.

MiniRail XPress Base

Part Number		Box Qty
4000667	Material: Aluminum Finish: Mill	50

The MiniRail XPress Base is a 17 inch section of rail (with EPDM inserts on the bottom for waterproofing) that attaches to the peaks of the trapezoidal metal roof.
