

# Mounting systems for solar technology

## CrossRail for Pitched Roofs:

*Patent Pending*

- Pre-assembled Universal Bonding Clamps
- Spring loaded, self-standing clamps
- Structural bonding splice
- Integrated wire management
- Quality, robust components, all at a competitive price

### CrossRail 48-S/48/80

Material: aluminum  
Finish: mill, dark anodized

### Burndy WEEB Lug 8.0 with Hardware

WEEB Lug 8.0 Material: tin plated copper  
Hardware: stainless steel

### Rail Connector Set CR48/80

CrossRail 48 Rail Connector shown  
Material: aluminum  
Finish: mill, dark anodized  
Hardware: stainless steel

### Optional: Micro Inverter and Optimizer Mounting Kit

Now available with WEEB KMC  
Material: stainless steel

### Structural Rail Connector Set, CR48-S

Material: aluminum  
Finish: mill, dark anodized  
Hardware: stainless steel

### L-Foot with Hardware

Material: aluminum  
Finish: mill, dark anodized  
Hardware: stainless steel

### Universal Bonding Mid Clamp Set

Pre-assembled with spring  
Material: stainless steel  
Finish: silver, dark

### EverFlash

Material: aluminum  
Finish: mill, dark

### Universal Bonding End Clamp Set

Pre-assembled with spring  
Material: stainless steel  
Finish: silver, dark

### 3S Tile Hook

Material: aluminum  
Finish: mill

### End Cap for CrossRail

CrossRail 48 End Cap shown  
Material: high strength nylon (PA6)

### SingleHook

Coming Soon!  
Material: aluminum  
Finish: mill
