Ground Mount Pipe Cap

FASTER, SAFER, EASIER

Created out of the frustrating search for the perfect cap to finish the job!

Finish Off the Ends

You've built a beautiful ground mount system and we've got the finishing touch to officially call it done!

Keep the Critters Out!

Ensure your system doesn't become the next home for a colony of wasps, family of birds or squirrels.
(or keep whatever you're hiding inside in!)

Leave Behind Your Logo

Upgrade available to have your caps engraved with your company's logo.
Now you can mark your territory for everyone to see.

We know first hand the struggles you as a solar installer face.
We see you, we hear you and we are one of you!
